

REPORTING AND INVESTIGATING CHILD ABUSE/NEGLECT

The Pleasant View R-VI School District and its employees will take action to protect students and other children from harm including, but not limited to, abuse and neglect, and will respond immediately when discovering evidence of harm to a child. Employees must cooperate fully with investigations of child abuse and neglect. The district prohibits discrimination, negative job action or retaliation against any district employee who, in good faith, reports alleged child abuse or neglect, including alleged misconduct by another district employee.

Employees failing to follow the directives of this policy or state or federal law will be subject to discipline including, but not limited to, termination, and may be subject to criminal prosecution.

Training

The superintendent or designee shall implement annual training necessary to assist staff members in identifying possible instances of child abuse and neglect, including annual updates regarding any changes in the law. Such training shall:

1. Provide current and reliable information on identifying signs of sexual abuse in children and danger signals of potentially abusive relationships between children and adults.
2. Emphasize how to establish an atmosphere of trust so that students feel that their school has concerned adults with whom they feel comfortable discussing matters related to abuse.
3. Emphasize that all mandatory reporters shall, upon finding reasonable cause, directly and immediately report suspected child abuse or neglect. These reports must be made even if the person suspected of abusing the child is another mandated reporter, such as another school employee.
4. Emphasize that no supervisor or administrator may impede or inhibit any reporting under state law.
5. Emphasize that no person making a report in accordance with law shall be subject to any sanction, including any adverse employment action, for making such a report.

Reporting Child Abuse/Neglect

The Board of Education requires its staff members to comply with the state child abuse and neglect laws and the mandatory reporting of suspected neglect and/or abuse. Any school official or employee acting in his or her official capacity who knows or has reasonable cause to suspect that a child has been subjected to abuse or neglect, or who observes the child being subjected to conditions or circumstances that would reasonably result in abuse or neglect, shall directly and immediately make a report to the CD, including any report of excessive absences that may indicate educational neglect. No internal investigation shall be initiated until such a report has been made, and even then the investigation may be limited if the report involves sexual misconduct by a school employee. Employees who make such reports to the CD must notify the school principal or designee that a report has been made. The principal or designee will notify the superintendent or designee and the district liaison(s) about the report.

The school principal or designee may also notify law enforcement or the juvenile office when appropriate. If an employee has reason to believe that a victim of such abuse or neglect is a resident of another state or was injured as a result of an act that occurred in another state, then, in addition to

notifying the Missouri CD pursuant to this policy, he or she may also make a report to the child protection agency with the authority to receive such reports, pursuant to law, in the other state.

The reporting requirements are individual, and no supervisor or administrator may impede or inhibit any reporting under this section. No employee making a report in accordance with law shall be subject to any sanction, including any adverse employment action, for making such a report. Further, the superintendent and other district administrators shall ensure that any employee mandated by law to make a report shall have immediate and unrestricted access to the communication technology necessary to make an immediate report. Employees shall also be temporarily relieved of other work duties for such time as is required to make any mandated report.

Reporting Allegations of Sexual Misconduct by a School Employee

The district takes all allegations of sexual misconduct seriously, regardless of the source. However, an allegation of sexual misconduct by a school employee is particularly serious. In accordance with law, if a student reports alleged sexual misconduct on the part of a school district employee to an employee of this district, the employee who receives the report and the superintendent shall immediately report the allegation to the CD as set forth in law, regardless of whether the employee or superintendent has reasonable cause to suspect abuse. For the purposes of this policy, the term "sexual misconduct" is defined as engaging in any conduct with a student, on or off district property, that constitutes 1) the crime of sexual misconduct; 2) illegal sexual harassment as defined in policy AC, as determined by the district; or 3) child abuse involving sexual behavior, as determined by the CD.

The CD will investigate all allegations of sexual misconduct involving district employees. The district may investigate the allegations for the purpose of making employment decisions.

Investigating Child Abuse/Neglect

In general, the CD investigates reports of child abuse and neglect. However, state statute requires the district to initially investigate allegations of child abuse by district employees in situations other than sexual misconduct to ensure that the allegations are not made for the purpose of harassing district staff.

When the CD receives a child abuse report alleging that an employee of the district has abused a student in situations other than those involving sexual misconduct, the report shall be immediately referred to the superintendent (or the president of the School Board in situations concerning the superintendent), who will conduct an initial investigation. If the initial investigation determines that the report relates to a spanking by a certificated district employee or the use of reasonable physical force against a student for the protection of persons or property by any district personnel administered pursuant to district policy, or if it is determined that the sole purpose of the report is to

harass a district employee, the report will be investigated as detailed below in accordance with law. All other reports of any nature will be immediately returned to the CD for investigation.

Harassment, Spanking or Protection of Persons or Property by District Staff

If a report to the CD relates to a spanking by a certificated district employee or the use of reasonable physical force against a student for the protection of persons or property by any district personnel administered pursuant to district policy, or if it is determined that the sole purpose of the report is to harass a district employee, the superintendent, Board president or a designee of either will notify law enforcement of the county in which the alleged incident occurred. The district will jointly investigate the matter with the law enforcement officer. The superintendent, Board president and their designees are authorized to contact and utilize the district's attorney to assist in the investigation.

Once the investigation is concluded, the law enforcement officer and the investigating district personnel will issue separate reports of their findings, no later than seven days after the district receives notice of the allegation from the CD. The reports must contain a statement of conclusion as to whether the preponderance of evidence supports a finding that the alleged incident of child abuse is substantiated or unsubstantiated. The Board will consider the separate reports and will issue its findings and conclusions, if any, within seven days after receiving the last of the two reports. The findings and conclusions will be made as required by state law and will be sent to the CD.

Referral to the Office of Child Advocate for Children's Protection and Services

If the CD determines that a report of child abuse or neglect is unsubstantiated, the district or a district employee may request that the report be referred to the Office of Child Advocate for Children's Protection and Services for additional review.

Information from the Children's Division

In accordance with law, as mandated reporters district employees reporting child abuse and neglect are entitled upon request to information on the general disposition of a report of child abuse or neglect and may receive findings and information concerning the case at the discretion of the CD. The CD will also notify the district when a student is under judicial custody or when a case is active regarding a student.

Any information received from the CD will be kept strictly confidential in accordance with law and will only be shared with district employees who need to know the information to appropriately supervise the student or for intervention and counseling purposes. All written information received by any public school district liaison or the district shall be subject to the provisions of the Family

Educational Rights and Privacy Act (FERPA). Information received from the CD will not be included in the student's permanent record.

Immunity

In accordance with law, any person who in good faith reports child abuse or neglect; cooperates with the CD or any law enforcement agency, juvenile office, court, or child-protective service agency of this or any other state in reporting or investigating child abuse or neglect; or participates in any judicial proceeding resulting from the report will be immune from civil or criminal liability.

Any person who is not an employee of the district and who in good faith reports to a district employee a case of alleged child abuse by any district employee will be immune from civil or criminal liability for making such a report or for participating in any judicial proceedings resulting from the report.
