Breakfast Walking Program Survey

Do you keep track of how many laps you walk? (20 responses)

Which of the following would likely increase the number of laps that you walk in the morning? Check all that apply.

(20 responses)

Do you enjoy being able to walk in the gym in the morning? (20 responses)

Breakfast Walking Program Survey

How would you improve our breakfast walking program? (20 responses)

not so boring how about a game or two in the gym of a morning

If I walked.

if i walked

I would improve it by if you walk a certain amount of laps you could get a prize.

Being able to run

being able to run/jog

have a race

By walking for 10 min a day with a friend.

By walking with friends.

I would improve the walking program by letting the kids who are down in the gym doing nothing, play a game like kickball or dodge ball. Rules would be you would have to have your gym shoes or go barefoot.

Allowing those who wish to run responsibly, or, those who want to play a game to do so responsibly bringing in electronics

do a certain number of laps and you get to bring in your device!!!!!!!!!!!!!!!!!!!!!!

doing prizes and contests

I say if we walk so many laps we should get to bring in an electronic and play on it.

i dont know what it is

being able to bring pets and walk with them.

doing prizes

recess and electronics

bring a device
