

AUDIO AND VISUAL RECORDING

Because the district predominantly serves minors, is subject to a number of confidentiality laws, respects parent/guardian and community concerns about privacy, and seeks to minimize disruption to the education environment, the district prohibits audio and visual recordings on district property, district transportation or at a district activity unless authorized in this policy.

Any recording activity, even activity permitted under this policy, will be prohibited if the activity creates a disruption to the education environment. No recording equipment will be used or placed in areas of the building where the occupant would have a reasonable expectation of privacy, such as restroom facilities or locker rooms.

Recording by District Personnel or District Agents

The district or designated agents of the district may make audio or visual recordings to provide security, to maintain order, for professional staff development use, for educational purposes or for other purposes related to furthering the educational mission of the district. This may include the use of visual recording equipment in district buildings and on district transportation. Recordings by or on behalf of district personnel that include students will be considered student records and will be maintained in accordance with the Family Educational Rights and Privacy Act (FERPA) and other applicable laws.

Pre-Service and Student Teachers

The district may allow student teachers or pre-service teachers to record themselves teaching or otherwise interacting with students when the recording is used for educational purposes in the student teacher or pre-service teacher preparation program. The student teacher or pre-service teacher must obtain permission to do so from the cooperating teacher and the building principal and must have signed Missouri Pre-Service Teacher Assessment permission forms from all students and adults who will appear in the recordings if those recordings will be viewed by any person who is not employed by the district. The district reserves the right to refuse to allow recording or to limit the time and place for such recordings in order to minimize disruption to the educational process.

Recording by Students

The Pleasant View R-VI School District prohibits the use of visual or audio recording equipment on district property or at district activities by students except:

1. If required by a district-sponsored class or activity.
2. At performances or activities to which the general public is invited, such as athletic competitions, concerts and plays.

employees and parents/guardians. Exceptions to this prohibition will be made only in accordance with Board policy and law. Requests for such exceptions must be made within a reasonable period of time prior to the scheduled meetings. This prohibition does not apply to conversations held within view of district security cameras.

Secretive Recording or Transmission

The district prohibits secretive recordings where persons involved do not consent to the recording and it is not otherwise obvious that recording equipment is present or being used, unless the superintendent or designee determines in rare circumstances that such recordings are necessary for educational or security reasons. The district prohibits the simultaneous electronic transmission of any conversation by any person to a third party without the consent of all involved in the conversation, even if the conversation is not recorded.

Use of Unmanned Aircraft Systems

All unmanned aircraft systems (UAS) operators seeking to operate a UAS on or over district property or at a district event must receive authorization from the superintendent or designee. Authorization will be granted only when such operation is on behalf of the district, supports the mission of the district or otherwise serves a public purpose.

All UAS with the potential to capture or produce visual images of district property or district events must be operated in accordance with applicable Federal Aviation Administration regulations or safety guidelines.
