

SCHOOL VOLUNTEERS

The Board of Education recognizes that volunteers make valuable contributions to the district's schools and are an essential component of high student achievement. The Board endorses a volunteer program, encourages volunteer participation and expects district staff to encourage and strengthen community, parent and family involvement in the schools.

The superintendent or designee will create appropriate procedures for attracting, screening and training volunteers. The district will conduct screening and criminal background checks on volunteers as required by law and policy GBEC before any volunteer is placed in a position where he or she will be left alone with a student or have access to student education records.

Volunteering in the district is a privilege, not a right. The district may decline the services of any volunteer for any legal reason. All information collected on volunteers will be considered confidential to the extent allowed by law and will be used only to protect students or minimize disruption to the educational environment.

Although volunteers will provide support services, they are not substitutes for district staff. Volunteers will work under the direction and supervision of district staff.
